improved processes, improved outcomes

Your Key To Establishing Proper Medication Handling Practices!

At Medication Management Consultants our purpose is to help make sure your medication handling practices adhere to the industry standards, rules and regulations for medication management.

What We Do

Medication Management Consultants reviews, evaluates and makes recommendations in regard to the handling of:

- ✓ Patients' medication
- ✓ MAR administration
- ✓ Controlled substances
- ✓ Stock medication
- ✓ Chart review
- ✓ Sample medications
- ✓ Med Room Management
- ✓ Peer Review

We also assume overall accountability in the development and/or approval of Medication Management policies and procedures.

We Keep You Up-to-Date

Medication Management Consultants is committed to keeping your staff knowledgeable and up-to-date in regard to changes in best practices, rules and regulations. We believe it's vital that the policies and procedures put in place are relevant and meet your staff's needs.

You will have a dedicated representative from our office who will educate your team and serve as an on-going resource for your staff.

Quarterly Evaluations to Ensure Success

We provide you with written evaluations and recommendations and then provide quarterly evaluations in areas such as:

- ✓ Storage
- ✓ Handling
- ✓ Security
- ✓ Administration
- ✓ Training
- ✓ Waste
- ✓ Destruction
- ✓ Recalls
- & more!
